

STATEMENT OF WORK FOR CONSULTANCY SUPPORT

ALLIANCE GROUND SURVEILLANCE (AGS) AND UNMANNED AERIAL SYSTEMS (UAS) PROGRAMME OFFICE

Consultant

CLT 26128

Expertise level III 6 months | *Duty Location:* Capellen, LUX
Confirmed by AGS & UAS Programme | *Date confirmed:*
(Programme Manager, Division or Office Chief) Chief of Materiel Management Centre

BACKGROUND

The consultant is being requested since LQ MMC is facing multiple issues with master data for which consultancy expertise are required to manage these issues. More specifically, consultant' support is required for the reconciliation of Material Master Data in ALIS and SAP, including cleanup of duplicate master data records and identification of alternates parts in both systems.

The consultant serves in an advisory and/or technical capacity for work not provided for by the establishment approved for the Agency.

SUMMARY

The consultant is responsible to the NATO Alliance Ground Surveillance (AGS) and Unmanned Aerial Systems (UAS) Programme for providing logistics services. More precisely, he/she is responsible for performing/ executing the following tasks:

MAIN DELIVERABLES/SCOPE OF WORK

- Assisting in the correction of Master Data, especially Material Masters by analyzing large set of data.
- Data analysis will be focusing on:
 - Duplicate Material Masters for identical material
 - ALIS-SAP cross reference, focusing on possible alternate parts
- Knowledge of the following is required:
 - SAP, especially the Material Master area.
 - NMCRL (NATO Master Catalogue of References for Logistics)
 - Ability to search and identify Master Data in alternate database (ALIS)
 - Excel and/or database tools allowing fast sorting of large amount of data
 - Understanding of Material technical data
