

# LM-181: Technician, Land Combat Missile Systems

Post N° LM-181 / Ref. No. 82/2024

## JOB DESCRIPTION - please click [here](#).

- Complete tertiary education in a technical/engineering school, or equivalent experience.
- Experience in the life cycle support of complex military systems, in particular Land Combat Missile systems.
- Thorough knowledge of all aspects of production and logistics management of Land Combat Missile systems, preferably acquired in a multinational missile programme.
- Sound knowledge of LCM systems and auxiliary equipment.
- Good knowledge of and experience in project management.
- Experience in drafting contractual requirements for engineering tasks.
- Good knowledge of Quality Assurance (QA) policies and standards.
- NATO's two official languages are English and French. The work of this post is mainly conducted in English, therefore fluency in that language is essential and working knowledge of French is desirable.

## WHAT DO WE OFFER?

- Multicultural environment
- Initial three year contract with competitive monthly tax-free salary (subject to Article 19 of the Ottawa agreement on exemption of Taxation)
- Additional benefits for expatriate staff including expatriation and education allowances (where applicable) and additional home leave
- Excellent health coverage
- Great work/life balance
- Generous annual leave of 30 days plus official holidays
- Pension Scheme

## POST DETAILS

- Basic monthly salary: EUR 5 921.61, tax free.

## HOW TO APPLY?

All candidates (internal and external) should refer to the [FAQs](#) before applying.

**NSPA internal candidates** must submit additionally their latest completed **performance report**.

**NSPA staff members** of the same grade can submit a transfer request till 01 April 2024.

**Applications sent via e-mail will be automatically rejected.**

## IMPORTANT NOTES

Qualified redundant NATO civilian candidates of the same grade will be considered in priority.

Interviews are expected to be held approximately six weeks after the application closing date. The Talent Acquisition and Development Office shall let you know in due course the outcome of the screening process.

Moreover, due to the broad interest in NSPA and the large number of potential candidates, telephone or email enquiries cannot be dealt with.

The Agency would appreciate it if addressee countries could provide their support by
