

CO-26005 (OE): Consultant – Technical Expert, Mechanical Engineer

N° CO-26005 (OE) / Ref. N° 2025_00636

STATEMENT OF WORK

For more information, please click [here](#).

- University degree in Mechanical Engineering (Bachelor Degree as a minimum)
- At least seven years of experience in construction supervision
- Experienced in HVAC, hydraulic and mechanical engineering disciplines.
- Experience with German electrical and mechanical standards would be a desirable asset.
- Proficiency in technical report writing.
- Knowledge of quality assurance standards and policies.
- Sound digital literacy with experience in using office automation systems and software applications, e.g. Microsoft Office Suite (Word, Excel, and PowerPoint), including technical drawing package.
- NATO's two official languages are English and French. The work of this consultancy is mainly conducted in English, therefore fluency in that language is essential and beginner knowledge of French is desirable.

POST DETAILS

- This post is deployable. The incumbent of this post may be required to deploy or may be assigned to a remote location, to perform duties (inside or outside a theatre/deployment location) in support of Council approved operations/missions or in support of national or multinational operations/missions authorised by the Agency Supervisory Board of NSPO.
- Contract duration: 12 months
- Level: III
- Daily fee per worked day: 339 EUR

HOW TO APPLY?

All candidates should refer to the [FAQs](#) before applying.

Applications sent via e-mail will be automatically rejected.

All application deadlines are based on the Central European Time (CET) zone.

IMPORTANT NOTES

In accordance with the NATO employment regulations, the contract will be established for

a 6-month period. The working language will mainly be English.

The duty stations will be Afghanistan, Luxembourg or any other area as required.

The Talent Acquisition and Development Office shall let you know in due course the outcome of the screening process.

Moreover, due to the broad interest in NSPA and the large number of potential candidates, telephone or email enquiries cannot be dealt with.

The Agency would appreciate it if addressee countries could provide their support by submitting candidates whose security clearance can be effected (or confirmed) rapidly and who could report for duty as soon as possible after selection.
